

Rules & Regulations Miniclub

Dear parent(s) and/or supervisor(s),

This form contains all rules, regulations and responsibilities of the Miniclub of this hotel. Please read it carefully and sign it, to agree on all terms mentioned in this form.

- The Miniclub is accessible for all children of this hotel between 4 and 12 years old, being in good health condition, regardless of race, religion or physical limitations.
- All parents have to bring their child(ren) personally to the Miniclub every time and also pick them up. We kindly request the parents to inform the entertainers about details concerning their child(ren). Doing so, the entertainers have the possibility to inform the parents about the program they want to follow that day.
- All parents have to stay close to the Miniclub and are not allowed to go out of the hotel! The parents are responsible at all times for the welfare of their child(ren). Parents can never blame entertainers for inaccuracy, unsafe proceedings etc. Entertainers will focus on the safety of the children, but can never be held responsible. In case the parents do want to leave the hotel while their child(ren) visit(s) the Miniclub, they have to assign somebody else that takes over the full responsibility of the parents. Entertainers have to be informed by the parents and the parents are obliged to leave the telephone number of this other person.
- Children are allowed to leave the Miniclub, whenever they want if they let the entertainer know. The Miniclub is not a playgroup! The children should know at any time their parents location within the hotel, so that the children can go back to the meeting point on their own. If the parents think the child is not able to return by himself, the parents should stay with their child in the Miniclub.
- The entertainers have the right to call the parents if the child becomes ill, unmanageable or a danger to his environment or other children. Ill children are not allowed in the Miniclub because of the possibility of infection.
- The Kids Club entertainers incite parents to let their children use the toilet before they go to the kids club.
- It is useful not to take any personal belongings to the Miniclub, like toys, food and beverages. The entertainers are not responsible for any loss or theft of personal belongings.
