In general, users are provided with INFORMATION TO
AVOID FECAL ACCIDENTS:

- Proper personal hygiene.
- Refrain from using the pool if you are suffering from an infectious disease or have suffered from vomiting or diarrhoea in the last 14 days.
- It is essential to shower and wash (in the rooms) and use the showers in the bathing area before using the swimming pool.
- Wear shoes to access the toilets.
- Children under the age of 6 months should not swim in the adult pool.
- Children under 2 years of age should wear diapers for swimming pools during bathing.
- Take children out of the water as often as necessary to go to the toilet.
- Use toilets and special areas for changing children's nappies. If no nappy changing area is available, you should use your room.
- Wash hands with soap after using the toilet or changing children's nappies.
- Inform the lifeguards of any accident involving faecal matter or vomit in the water or adjacent areas.
- Do not eat inside the pool
