## Preamble

These **Internal Regulations of the Magic Hotel Group** constitute a set of rules of coexistence, safety and responsible use of the facilities, which are part of the accommodation contract accepted by each guest at the time of registration in any of our establishments.

Its purpose is to guarantee a safe, respectful and harmonious environment, where each person can fully enjoy their stay, while preserving the tranquility and well-being of all customers, as well as the proper conservation of the hotel's spaces and services.

The **main objectives** of this regulation are:

- **Ensure the safety** of our guests and workers, establishing clear rules of conduct and use of facilities.
- **To promote coexistence** between customers, based on mutual respect, equal treatment and tolerance.
- **Promote sustainability** through rational use of resources, reduction of food waste and protection of the environment.
- **Ensure legal compliance**, in line with current regulations on tourism, public health, citizen coexistence, equality and data protection.

The **function** of these regulations is to serve as a practical and binding guide to guide the behavior of guests during their stay. Compliance with it is mandatory and **ignorance does not exempt from responsibility**. The management of each hotel is empowered to apply proportionate sanctions in the event of non-compliance, ranging from warnings to immediate expulsion, as well as to exercise the right of admission when the conduct of a guest puts the coexistence, safety or reputation of the establishment at risk.

In short, these Internal Regulations have the mission of guaranteeing that each stay in the hotels that make up the **Magic Hotel Group** is lived with safety, respect and satisfaction, in an atmosphere of hospitality that reflects the values of our group: **excellence in service, care for the environment and an unforgettable holiday experience**.

## 1. Respect for staff and other guests

### Rule:

At Magic Hotel Group we consider it essential to foster an environment of respect, courtesy and harmony between all guests and staff. For this reason, each client is required to behave appropriately and considerately, which favours coexistence and guarantees a pleasant experience for all guests. Therefore, any act of disrespect, verbal or physical aggression, intimidation, harassment or threatening behaviour towards hotel staff or other customers is strictly prohibited. Similarly, the use of inappropriate language, insults, threats or any type of conduct that may be intimidating or uncomfortable for those who share the hotel's common spaces is prohibited.

### Legal basis:

- [Decree 75/2015 of the Consell, art. 21 – Tourist accommodation regulations of the Valencian Community.](#)
- [Law 14/2010 of the Valencian Community on Public Shows.](#)

### Sanctioning regime:

Harassment, in any of its forms, whether physical, verbal, visual or psychological, will be grounds for immediate sanction, without prejudice to the legal actions that may arise. In these cases, the hotel management reserves the right of admission and permanence, and may proceed to expel the guest without the right to a refund.

---

## 2. Proper use of facilities

### Rule:

The correct use of the facilities is essential to ensure both the well-being of the guests and the conservation of the common spaces. Guests must responsibly use all hotel facilities (swimming pools, restaurants, spa, lifts, common areas and rooms). Any misuse, damage due to negligence or vandalism will be the responsibility of the customer.

### Legal basis:

- [Civil Code, arts. 1101 et seq.](#) (liability for damages).
- [Decree 75/2015 of the Consell.](#)

### Sanctioning regime:

Cost of the damage caused plus a management surcharge between **15% and 20%**, depending on the hotel. In severe cases, immediate expulsion.

---

### 3. Extraordinary room cleanliness

**Rule:**

If a room is delivered in unusually dirty conditions that require deep cleaning, replacement of furniture or special treatment, an additional charge will apply.

**Legal basis:**

- [Civil Code, art. 1255](#) (autonomy of the will in contracts).
- [Law for the Protection of Consumers and Users.](#)

**Sanctioning regime:**

Additional charge for extraordinary cleaning with a range between **150 € and 250 €** according to the magnitude of the intervention.

---

### 4. Anti-smoking and anti-vaping policy

**Rule:**

In order to protect the health of all customers and workers, as well as to preserve the health and comfort of the common spaces, smoking or vaping is prohibited in all indoor areas of the establishment, including rooms, corridors, elevators, restaurant areas, play areas, reception and any other closed facility.

In particular, smoking is strictly prohibited inside the rooms. This behavior represents a serious offense, since in addition to generating inconvenience to the following guests, it can activate smoke detection systems or cause damage that is difficult to reverse. It is only allowed in outdoor areas enabled for such use.

**Legal basis:**

- [Law 28/2005 on health measures against smoking.](#)
- [Law 42/2010](#) amending the previous one.

**Sanctioning regime:**

Fine of **€1,000** and immediate expulsion from the establishment. If the fire alarm is activated immediately by smoke detection, the customer will also bear the cost of the service.

---

### 5. Prohibition of throwing objects from balconies or terraces

**Rule:**

It is strictly forbidden to throw objects, liquids or garbage from balconies, terraces or windows, due to risk to the safety of people and facilities.

**Sanctioning regime:**

Financial penalty of up to **€2,500** and immediate expulsion.

---

## 6. Vandalism and material damage

**Rule:**

The hotel's furniture is available to guests for their enjoyment and comfort. An appropriate and respectful use of all the elements of decoration and equipment is therefore expected, both in the rooms and in the common areas, exterior or interior.

It is not allowed to alter, displace, force, write, paint or cause any damage to the furniture. Any deliberate or negligent damage caused to furniture, decoration, appliances or installations will be invoiced to the person responsible.

---

## 7. Food Waste – Buffet Policy

**Rule:**

Most Magic Hotel Group accommodations offer a varied, abundant and quality buffet service, designed to satisfy the tastes and needs of all our guests. To ensure the proper functioning of this service, as well as to avoid food waste, customers are reminded of the importance of acting responsibly when serving themselves. The "empty plate" policy will apply. The customer should only serve themselves the amount of food they are going to consume, avoiding overfilling the plates or serving themselves repeatedly without need. Food waste directly affects the sustainability of the service, increases costs and contradicts the principles of respect for the environment and the community.

**Legal basis:**

- [Law 7/2022, on waste and contaminated soil for a circular economy.](#)
- [Law 1/2025, on the prevention of food losses and waste.](#)

It is not allowed to shout, use loudspeakers or loud music in corridors, terraces, balconies or swimming pools. Also, during the day, moderation is requested in the use of televisions, portable speakers or musical instruments. The hotel reserves the right to intervene in the event of repeated complaints or behaviour that disturbs the tranquillity of the environment.

Any visit must be previously authorised by the reception staff and, in the case of a daytime visit, the corresponding fee for temporary access must be paid through the Day Pass system. These persons shall have the right to use the facilities on an equal footing with the guests staying, and shall respect all the rules set forth in these regulations. The use of identification bracelets will be mandatory.

It is strictly forbidden for outsiders to enter the rooms without the express authorization of the management. Under no circumstances may unregistered persons remain in the facilities, whether in common or private areas, without due consent and control.

**Legal basis:**

- [Decree 75/2015 of the Consell, art. 21.](#)

### 14. Alcohol consumption

**Rule:**

The consumption of alcoholic beverages in the hotel is only allowed for people of legal age, as long as it is done responsibly and within the spaces provided for it. It is recalled that the consumption of alcohol by minors is prohibited under any circumstances.

Adults should avoid drunken situations that may disturb the order, cause conflicts or pose a risk to themselves or other customers. In the event that the behavior of a drunk guest generates disturbances or represents a danger, the hotel reserves the right to suspend the service, limit their access to facilities and proceed with expulsion if necessary.

---

## 16. Sustainability and changing clothes

**Standard:**

As part of our commitment to the environment and operational sustainability, Magic Hotel Group promotes a rational use of resources associated with room cleaning, linen change and towel supply. We invite our guests to collaborate in this policy through small daily practices that reduce the consumption of water, energy and chemicals, and at the same time reinforce our positive impact on the environment.

Customers are strongly encouraged to hang towels they wish to reuse – leaving only those they request to be changed on the floor – and to avoid requesting a daily change of sheets, unless necessary. These actions contribute to a more efficient management of resources and to reduce the environmental footprint of your stay.

In addition, the channel actively participates in the international project **The Gravity Wave**, an environmental initiative that fights against plastic pollution in seas and oceans. As part of this commitment, for each day in which a client decides not to request the cleaning of their room, we collaborate in the removal of a specific amount of plastic from the Mediterranean Sea. In this way, each guest has the opportunity to contribute directly to the preservation of the marine ecosystem through a simple gesture.

**Legal basis:**

- [Law 7/2022 on waste and circular economy.](#)

Unjustified additional changes may have an additional cost of between **€20 and €50**, depending on the hotel, due to inefficient or repeated use.
