The concept

The Nazaré Explorer Challenge is an initiative by Ohai Resort designed to make your trip much more than just sun and rest. It's a route of experiences, also available on our website and app, that will guide you through the most iconic and authentic spots in the area.

This list offers all kinds of activities—from chilled-out moments to adrenaline-filled adventures. Check them off as you go, and don't forget to share your progress with us!

How does it work?

Explore. Discover. Check off. Repeat.

Each activity is designed to connect you with the true spirit of Nazaré. You can use this checklist as your personal guide or turn it into a friendly competition with friends or family.
